Able To

Eternal Summers

Are you able to
Are you able to
Are you able to
Are you able to
Are you able to
Are you able to
Are you able to
Are you able to

Our human mothers
right our wrongs with their wagging fingers
and their lashing tongues

Our human mothers nurture us
with their milk and honey

Are you able to
Are you able to
Are you able to
Are you able to

Now is the time to distance wish yourself
from previous ways that you have been living

Now is the time to really wish yourself
To future ways of precious forgiving

Are you able to
Are you able to
Are you able to
Are you able to
