

# Android Warehouse

## Becker And Fagen

Daytime you're too proud to brag  
About the badge you wore  
Nighttime you're too tired to drive  
Your change across the floor  
All your guns are gone I'm told  
Or in the Aerodrome  
Did you die the day they sold  
The ones you left at home  
Hold my hand in the Android Warehouse  
Who's to know if you take a dive  
Ain't life grand in the Android Warehouse  
What a burner when you take off your goggles and find?  
That you're alive  
That you're alive  
Did you really gobble up  
The things they claimed you ate  
Were you fit to swallow it  
Or scared to clean your plate  
Have you tried to calculate  
The hours they'd applaud  
I would guess it's somewhat less  
For just another fraud  
Hold my hand in the Android Warehouse  
Who's to know if you take a dive  
Ain't life grand in the Android Warehouse  
What a burner when you take off your goggles and find...  
That you're alive  
That you're alive  
That you're alive...
