

Scott's a Dork

Reel Big Fish

We like pizza but she doesn't eat the crust
I love her and she loves everyone
Said she likes my band but I don't even love my band
I love her and she loves everyone, uh oh I saw her kiss him last night
I'm sick now, I'm sick now
But it's just a little cold
Scott's a dork, Scott's a dork When I say I give up, it just means I'm gonna try again
She loves me and I love everyone
I was kissin' her but she was wishin' it was him
She loves me and I love everyone They told her about you and me
She's mad now
But she'll get over it
Scott's a dork, Scott's a dork Dork, dork, dork, dork, dork, dork, dork, dork
Dork, dork, dork, dork, dork, dork, dork, dork
Dork, dork, dork, dork, dork, dork, dork, dork
Dork, dork, dork, dork, dork, dork, dork, dork You'd think that after all this time
She'd change but, she didn't, no no no no
Scott's a dork, Scott's a dork
Scott's a dork, Scott's a dork, yeehaa Now she's walking out the door
I don't need her anymore
I love her
