Slipper

Culprate

I've reached this point
With fear my only fuel
I found my faith
With nothing, nothing to doRun, from you
You're binding me in sin
You've got toI drowned my left side
With lies I see as real
I push what doesn't move
I keep forgetting what is realRun, from you
You're binding me in sin
You've got toRun, I keep on running from you
Keep on fighting, keep on fighting me
Come on, keep on fighting me
Come onSlipper
Whore, you fuckin' whore
Slipper
Whore, you fuckin' whoreSlipper
Whore, you fuckin' whoreThis point
With fear my only fuel
You got it, you got it, you got itRun, from you
You're binding me in sin
You've got toRun, keep on running from you
Keep on fighting, keep on fighting me
Come on, keep on fighting me
Come onSlipper
Whore, you fuckin' whore
Slipper
Whore, you fuckin' whoreSlipper
Whore, you fuckin' whore
Whore, fuckin' whore
Whore, you fuckin' whore
Whore, you fuckin' whore
