

Slipper

Culprate

I've reached this point
With fear my only fuel
I found my faith
With nothing, nothing to do
Run, from you
You're binding me in sin
You've got to
I drowned my left side
With lies I see as real
I push what doesn't move
I keep forgetting what is real
Run, from you
You're binding me in sin
You've got to
Run, I keep on running from you
Keep on fighting, keep on fighting me
Come on, keep on fighting me
Come on
Slipper
Whore, you fuckin' whore
Slipper
Whore, you fuckin' whore
Slipper
Whore, you fuckin' whore
This point
With fear my only fuel
You got it, you got it, you got it
Run, from you
You're binding me in sin
You've got to
Run, keep on running from you
Keep on fighting, keep on fighting me
Come on, keep on fighting me
Come on
Slipper
Whore, you fuckin' whore
Slipper
Whore, you fuckin' whore
Slipper
Whore, fuckin' whore
Whore, you fuckin' whore
Whore, you fuckin' whore
