

# Give Them Love

## Mishka

We Give them love  
Give them light  
Help them to live  
Show them truth  
Teach them right  
Cause it is good in Jah sight  
Leave them up  
Give them fly  
Help them reach the higher heights  
Cause there's innove  
War and strife  
Let's give thanks to good things in life  
You never know the time wherever move so fast  
And You do your very best to try to slow it down  
About Tomorrow always try to live the past  
But if will be in now INI we'll be around
