Gravity (Album Version)

Days Away

He's over there, still in the corner
Where he sits and wonders of
Why he never bothers with these little things
That really do matter
Like being alone for a little while
This time it feels alrightHey you, over there
Is gravity getting you down
Hey you, on the other side
Is gravity getting you down
That's why we're here, we understand{Chorus}:
That's why we're here
That's why we're standing
That's why we're here
Because we understand
UnderstandHey you, over there
Is gravity getting you down
Hey you, on the other side
Is gravity getting you down
'Cause this time it feels alright{Chorus}Understand
