

The Post

Dinosaur Jr.

Eyed it, dried it, untied it
Chilled it, spilled it, refilled it
Paste it, traced it, erased it
She's my post to lean on
And I just cut her down So I'm out to land on somethin'
Hopefully a girl will come
To me at the ground Eyed it, dried it, untied it
Chilled it, spilled it, refilled it
Paste it, traced it, erased it
She's my post to lean on
And I just cut her down So I'm out to land on somethin'
Hopefully a girl will come
To me at the ground She's my post to lean on
And I just cut her down So I'm out to land on somethin'
Hopefully a girl will come
To me at the ground
