

Magazine

Hidell

Picture me on the cover of your magazine
All the shiny happy people starring back at me

Turn the page if you really wanna look at me
The photographs that stole my soul
Are yours to see
Are yours to see

Do I feel alive
Do I feel alive
Do I feel alive

Picture me getting bent in my limousine
Living fast dying young is the only dream

Do I feel alive
Do I feel alive
Do I feel alive

Picture me on the cover of your magazine
Look at me I'm a copy written junkie
When I'm gone I'll live on for eternity

Do I feel alive
Do I feel alive
Do I feel alive
