

# Swim (Live From the El Rey Theatre)

## Jack's Mannequin

You gotta swim  
Swim for your life  
Swim for the music  
That saves you  
When you're not so sure you'll survive  
You gotta swim  
Swim when it hurts  
The whole world is watching  
You haven't come this far  
To fall off the earthThe currents will pull you  
Away from your love  
Just keep your head aboveI found a tidal wave  
Begging to tear down the door  
Memories like bullets  
They fired at me from a gun  
Cracking me open now  
I swim to brighter days  
Despite the absence of sun  
Choking on salt water  
I'm not giving in  
You gotta swimYou gotta swim  
For nights that won't end  
Swim for your family  
Your lovers your sisters  
Your brothers your friends  
You gotta swim  
For wars without cause  
Swim for these lost politicians  
Who don't see their greed is a flawThe currents will pull us  
Away from our love  
Just keep your head aboveI found a tidal wave  
Begging to tear down the door  
Memories like bullets  
They fired at me from a gun  
Cracking me open now  
I swim to brighter days  
In spite of the absence of sun  
Choking on salt water  
I'm not giving in

I'm not giving in  
Swim You gotta swim  
Swim in the dark  
There's an ocean to drift in  
Feel the tide shifting away from this war  
Yeah you gotta swim  
Don't let yourself sink  
Just follow the horizon  
I promise you it's not as far as you think Currents will drag us away from our love  
Just keep your head above  
Just keep your head above  
Swim  
Just keep your head above  
Swim  
Just keep your head above  
Swim
