Happy Day

Shout Praises Kids

When I see you on the street
Walkin' on your own sweet way

Something misses half a beat
What it is I could not say
Ain't no big deal
All I know is what I feel
When I see you on the street
Baby - it's a happy day - yes it is
Maybe it's a summer thing
Watching all the children play
Doing what's the other thing
To anything their mothers say
Ain't no big deal
All I know is what I feel
When I see you on the streets
Baby - it's a happy day
All I know
Is when I talk to you
Everything is fine - fine - fine - fine

Anyways....
La la la la la la la
Ain't no big deal
All I know is what I feel
When I see you on the streets
Baby - it's a happy day
When I see you on the streets
Baby - it's a happy day
When I see you on the streets
Baby - it's a happy day
Oooh, sing it one more time now Jimmy please!
When I see you on the streets
Baby - it's a happy day
