Adderall

Grant Gariff

Point to the dock. Told him up the dose. He asked what I need I said I need the most. Cash the tablet. I pop 'em all. Make my subscription like 10ft tall. One for breakfast a bunch for lunch. One for dinner and a bunch to munch. Got a couple things due that I gotta turn in. Got my buddy in my tummy and we going all in. Got EDD the only script on the block. Quanty adderall and never go outta stock. Second guess all the hype, you be left in the dirt. While i'm steady making cash, making mad bitches squirt.

On adderall every night-night. Bet ya know i'm feeling rrrrright. On adderall everyday-day. I don't give a fuck what you ssssay. Yeah we got that shit. Best believe we got that sssshit. Yeah we got that shit. Got-got that sssshit. Yeah we got that, Yeahw-Yeah we got that. Yeah we got that. Yeahw-Yeah we got that.

last night was crazy. I had a fucking blast. From what I can remember I sat on my ass. Made 4-5 tracks, made 'em back to back. Boy I only make beats. White kids can't rap. You only live once. Yeah that's the motto. So I pop adderall until today is tomorrow. Yeah that's right, every night i'm on my medicine. Now tell me if you know anybody that I ain't better than. I got this. Shout-out to my doctors. I'm a grown man and you Andy Miller Noctus and nobody wants this cuz i'll fucking own ya. The last bitch I made fun of moved to arazona (WOH).

Wake up in the morning. First thing that I do. Grab another script and I gobble a few. Doctor recomended as doing improve. And get ya up and into the grove cuz without 'em i'd be as lazy as shit and chris motivation, so I need the shit and help me get A's. Got couple of C's. Probably cuz when i take it I just need some trees and get's a mind blowing at a ulternite speed. Break-Break pass it easy as we speak. Whoevers got a problem with my habbit can fuck off cuz Edy's right here. i'mma fucking jump off.
