

# Why

## Balkan Beat Box

Hey, no, we don't know why  
Know your leader, who's the feeder  
To design your new figure  
Go and be the dumb gold digger  
To make your leader richer  
I had enough of them  
The only winners in this game  
Cuz u did what u could  
And they are up and leading on again  
Come and be the new beginner  
Got no bow, his mind is not narrow  
Cuz there's no border that will be in a freedom of a man  
No more soldier on the border  
To make a new world order  
No more higher on the lower  
Don't just hide behind your lawyer  
Why you want to be the dumb gold digger  
And make your leader richer?  
Hey, no, we don't know why
