

I've Got a Right to Love My Baby

B.B. King

I've got a right to love my baby
She treats me just like a king
Yes, I've got a right to love my woman
She treats me like a king
Yes, she is my mind, body and soul
Yes, my baby, she can do most anything
Yes, she's my doctor when I'm sick, people
She's my all around standby
Oh, she's my lawyer when I'm in trouble, people
She's my mother when I wanna cry
Yes, I've got a right to love my baby
Oh, can't you see the reason why?
Oh, that gives me a right to love my woman
She's always here by my side
Oh, my sweet understanding baby
She makes my temperature rise
Yes, and when it comes to kind treatments, people
My baby's an angel in disguise
Oh, when I'm sick she's my doctor
When I'm well, she's my pride and joy
Yes, when I'm cold she's my cover
Yes, she calls me a little baby boy
Yes, when I'm tired and wanna play, people
It's my baby that's my toy
