Best In Me

Sent By Ravens

I wrote a brand new song today
Its got every little thing you need to say
Had it so long on the tip of my tongue
All these words left unsung
May not hear it on MTV
No big deal, fine by me
As long as you know Im starting now
To see what you see
You take away my insecurities
You make a day go by just like the breeze
I must confess the mess I may reveal
Im half the man that you make me feel
You know how to find the best in me
You keep bringing out the best in me
You know how to find the best
So much better than the rest
Just keep bringing out the best in me
If somebody wants to hold my hand
Theres very few things that I demand
But the one thing you should know
Just let me be or let me go
I had every chance to walk way
From this needle in the hay
Just turn around and let me say it to your face
You take away my insecurities
You make a day go by just like the breeze
I must confess this happiness I feel
I find it hard to believe its real
You know how to find the best in me
You keep bringing out the best in me
You know how to find the best
So much better than the rest
Just keep bringing out the best in me
You take whats good and make it better in me
You know how to find the best
Just keep bringing out the best in me
(You take whats good and make it better in me)
You know how to find the best
Just keep bringing out the best in me

(You take whats good and make it better in me)
You know how to find the best
Just keep bringing out the best in me
You know how to find the best
Just keep bringing out the best in me
You take away my insecurities
You make a day go by just like the breeze
I must confess the mess I may reveal
Im half the man that you make me feel
You know how to find the best in me
You keep bringing out the best in me
You know how to find the best
So much better than the rest
Just keep bringing out the best in me
