

Right Here

Hannah Montana

I'll be right here where you need me
Anytime just keep believing
And I'll be right here If you ever need a friend
Someone to care and understand
I'll be right here All you have to do is call my name
No matter how close or far away
Ask me once and I'll come running And when I can't be with you dream me near
Keep me in your heart and I'll appear
All you gotta do is turn around
Close your eyes, look inside I'm right here
Isn't it great that you know that
I'm ready to go wherever you're at
Anywhere, I'll be there I'll be here
When you need me
No need to worry
You know that I'm gonna be right here All you have to do is call my name
No matter how close or far away
Ask me once and I'll come running And when I can't be with you dream me near
Keep me in your heart and I'll appear
All you gotta do is turn around
Close your eyes, look inside
