Least Of All

Danswall

Oh, least of all
Least of all youWho in all this world did I
Think would be untrue?
Woh woh, least of all
Least of all, youWho did I expect the last
And tell me we were through?
Wooh, least of all
Least of all, youYou, who were so understanding me
Who said to me
We would always be together
Through eternityWho now would I like to see
Her the way I do
Wooh, least of all
Least of all, youYou who were so understanding me
Who said to me
We would always be together
Through eternityWho now would I like to see
Her the way I do
Woh woh, least of all
Least of all, youOhh, least of all
Least of all, you
