Light Up The World

Steps

Hey you and me keep on dancing in the dark,
It's been tearing me apart, never knowing what we are
Hey you and me keep on tryin' to play it cool,
Now it's time to make a move
And that's what I'm gonna do

Lay it all down
Got something to say
Lay it all down
Throw your doubt away
Do or die now
Step on to the plate
Blow the door wide open like up up and away

Let's light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Let's light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Hey you and me turn it up ten thousand watts
Tell me why we've gotta stop, I just want to let it rock

Hey you and me keep on tearing at the road
Like we don't know where to go, step back, then we take control

Lay it all down
Got something to say
Lay it all down
Throw your doubt away
Do or die now
Step on to the plate
Blow the door wide open like up up and away

Let's light up the world tonight

You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Let's light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Hey hey hey you.
Hey hey hey you.
Hey hey hey you.
Hey hey hey you.

Lay it all down
(All down)
Got something to say
Lay it all down
(All down)
Throw your doubt away
Do or die now
(Die now)
Step on to the plate
Blow the door wide open like up up and away

Let's light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Let's light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Let's light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight

Light up the world tonight
You gotta give up the bark and bite
I know that we got the love alright
Come on and light it up, light it up tonight
