Baila (sexy Thing)

Zucchero

Baila, let me see you dance, baby
Yeah, let me see you dance, baby, c'mon
It blows my mind now that I found you
Deep in the night of tequila boom, boom
Slide by me, sexy thing, sexy and fine
I got my eyes on you all of the time, yeah
Huh, you got to have chaos burnin' in you
To make you open like a flower in bloom
Hell lives inside you next to paradise
The moon and sun have come to watch your shine
Baby, the night is on fire
Yeah, where flames in the sky
Flashin' through the night, what you say?
Baila, baila morena
Sotto questa luna piena
Under the moonlight
Under the moonlight
Go chica, go cocca, keep it all shakin'
You know tonight somethin's up for the takin'
My heart is gold, heart of a saint
With you beside me girl, oh, then I ain't
Baby, the night is on fire
Yeah, where flames in the sky
A scandal in the night
What you say?
Baila, baila morena
Sotto questa luna piena
Under the moonlight
Baila, under the moonlight
Sotto questa luna piena
Baila morena, you gotta go on
Yeah, yeah, yeah
Oh, yeah, yeah, yeah, ooh
Yeah, yeah, yeah, yeah, yeah
Set me free, set me free
You got me hurtin' so bad, so bad
Aah, c'mon now, now, now
I got to have it, so bad
What you say? What you say? Yeah, yeah, yeah

Baila, baila morena
Sotto questa luna piena
Under the moonlight
Hey, baila, under the moonlight
Sotto questa luna piena
Baila morena
Sotto questa luna piena
Sotto questa luna piena
Sotto questa luna piena
Under the moonlight
