

The Brothers Cup

Red Hot Chili Peppers

Give it up to this planet full of strife
We're the brothers cup cuttin' sharp as a knife
With the pop of a snap and the flip of a flap
The cups went up like a natural factIt was our shoulder space
That made the perfect place
For the magic of the cup
To style out with graceWith a tight turn twist
And a slight swerve swank
The brothers cup kissed
With a kick ass clankWe are the brothers cup
We like to get it up
We are the brothers cup
We like to get it upGive it up to this planet full of strife
We're the brothers cup cuttin' sharp as a knife
With the pop of a snap and the flip of a flap
The cups went up like a natural factSo love all your brothers
And love all your sisters
Love all the misses
And love all the mistersDon't be shy
When you're sharin' your kisses
The brothers cup kiss
And we ain't sissiesWe are the brothers cup
We are the brothers cup
We are the brothers cupWe are the brothers cup
We are the brothers cup
Get it
Do it, do it, well, alright
Keep itIt is our notion that the perfect peace potion
Can be found in the wake of the green sea's motion
The long rocking swell of the mighty blue ocean
Is the cradle of peace it's the perfect peace motionGive it up to this planet full of strife
We're the brothers cup cuttin' sharp as a knifeWith the power of the cup we are about to astound
All your preconceptions they will come unbound
We are the brothers cup coming to your town
Bringing tubs of love we're going to spread it aroundWe are the brothers cup
We are the brothers cupWe are the brothers cup
And we like to get it up
And we are the brothers cup
We like to get it upWe are the brothers cup

And we like to get it up
We are the brothers cup
And we like to get it up
