Above The Underground

Remember back on this chance,
to when our youth was all we had to show,
down in the town on down the road,i won't forget you
i won't forget youstay young don't ever fall in love again,
seems to me that it just easier
to have fun with your friends and understand
stay young, stay young
stay young, stay youngWe were kings stuck inside a peasants clothing,
just burning summers sat on grass and growing up,
always just a little slowly but there a funny growing up and cold and lonely now,
i can feel it in my bones this intoxicating lack of self control
only cost me who i didn't want to know
it never mattered to the ones that i kept closei won't forget you
i won't forget youstay young don't ever fall in love again,
seems to me that it just easier
to have fun with your friends and understand
stay young, stay young
stay young, stay youngstay young don't ever fall in love again,
seems to me that it just easier
to have fun with your friends and understand
stay young, stay young
stay young, stay youngStay Young, Stay Young
Stay Young, Stay Young
