

# Naked Cowboy

Nathan Caswell

I had a dream where  
I was walking in Times Square  
I had no clothes on  
I felt embarrassed  
Nobody noticed  
They were looking at the billboards

And in this dream scene,  
You were right there with me  
You had no clothes on,  
Donâ€™t feel embarrassed  
I didnâ€™t notice  
I was looking at the billboards

Naked Cowboy  
Youâ€™re not naked  
Youâ€™re wearing underwear  
Hiding your parts down there

Naked Cowboy  
Youâ€™re not a cowboy  
You donâ€™t drive cattle  
Ainâ€™t got a saddle

Youâ€™re not naked  
And youâ€™re not a cowboy

I had a dream where  
We were all in Times Square  
We had no clothes on  
We all felt fine  
Nobody noticed  
They were looking at the billboards

Nobody noticed  
They were looking at the billboards  
Nobody noticed  
They were looking at the billboards
