

I'm A Be Alright

[Robin Thicke](#)

I had my dreams woken
Man, I almost got some
I had my car stolen
Now my radio's gone
I had this fine woman
I couldn't get mine
It seems like the world is up against me
For something I've done
I still got my mind
Still got my music baby, I'm a be alright
All of my bills are pilin'
'Cause I spent what I owe
I wasn't invited to any parties
So I'm throwin' my own
Can't get a job
'Cause I ain't been lookin' for one
I'm a be alright, I'm a keep on dancin'
I'm a get the champagne all to myself
I'm a be alright, I'm a keep on movin'
I'm a give this love all over the world and on, and on
Here she comes hawkin'
She's fine as all Hell
She's lookin' at me for somethin'
The Sheba can't tell
I'm on my mind
I sit at my radio all day baby
I'm a be alright, I'm a keep on dancin'
I'm a get the champagne all to myself
I'm a be alright, I'm a keep on movin'
I'm a give this love all over the world and on, and on
