Fu Manchu

Twenty miles off the ground
Flyin' faster than the speed of sound
Maybe catch ya next time aroundI'm settin' my eye
Chrome Molly, she's startin' to shine
Last time I got quite a surpriseI must be dreamin'
I don't know what I'm seein'
And nobody's buyin'
Man, am I tryin', man, am I tryin'Trackin' miles to the end of time
I know this whole road is mine
Leavin' tracks for the rest at nightSo far this ride is nothing new
I've tried to before, what can I do?
Let me know before the ride is throughI must be dreamin'
I don't know what I'm seein'
And nobody's buyin'
Man, am I tryin'
