

Baby Dream In Cellophane

Porcupine Tree

I am in my pram
Look you, I'm so new
Oh, I am sleeping there
Underneath the stairs If you wanted to
You'd find inside my mind
Things so surreal In the rain in cellophane
Pale dogs and demigods
They won't bring me down
The clocks go 'round, they never stop I've been in Limousines
I've seen inside your dreams
It's raining there
Try not to stare In the rain in cellophane
Pale dogs and demigods
They won't bring me down
The clocks go 'round, they never stop In the rain in cellophane
Pale dogs and demigods
They won't bring me down
The clocks go 'round, they never stop
