The Good Thing

Pepper

I will fight, will fight with my heart
I will fight, will fight with understanding
In my mind, the weather never changes
Skill overcomes, I'm thankful for conviction
A straight line exists between me and the good things
I have found the line and its direction is known to me
Absolute trust keeps me going in the right direction
Any intrusion is met with a heart full of the good thing
Try to compare what I am presenting
You will meet with much frustration
Try to find, similar situation

You will always find the same solution
As the heart finds the good thing, the feeling is multiplied
Add the will to the strength and it equals conviction
As we economise, efficiency is multiplied
To the extent I am determined the result is the good thing
So I say, I have adopted this and made it my own
Cut back the weakness, reinforce what is strong
I have adopted this and made it my own
Cut back the weakness, reinforce what is strong
