

Irresistable U Are

[Alisha's Attic](#)

Here we are again
The jangle of my ankle chain
Is the only sound I can hear
When Im here with you Words collide into a single breath
Youre on my mind
Every day and every night
Irresistible u are, oh, you are Hey mister, you got the lines
For an interactive future, right on
Your strong feet were sent to carry me
How about you marry me? Words collide into a single breath
Youre on my mind
Every day and every night
Irresistible u are, irresistible u are
Irresistible u are, oh, you are
Oh, you are, yeah you are
