Deeper

Wild Beasts

The breakfast is all laid out
Waiting on you to arrive
The sun just risin'
And going down againDeeper, deeper
Or piece me together again
Deeper, deeper
You burn a hole in the worldI have to know how it feels
And I am not afraid
This is the house we built
All else falls awayDeeper, deeper
I dare we put our tongues to the flames
Deeper, deeper
And send the others awayYou plug the hole in void
And the world parts for you
The suckin' sun in his suckin' sky
You lift him into the roomDeeper, deeper
The smile across my face
Deeper, deeper
The fires inside you rage
