Flat on my face I see what it takes
To cut through the bullshit to cut, to the chase
And when I get up I won't forget
The place that you left me, the place that you left Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time And when I catch up it will be great
I'll set a trap for you, I just can't wait
One of these days, one of these days
My friend Ming Tran'll kick you right in the face Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time One of these days I'll get my revenge
My friend Ming Tran'll kick you right in the face Better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time You better run away, run away
'Cause you know I can't wait for the next time
You'd better run away, run away
For nothing's gonna save you the next time
