Girl

Davy Jones

Girl, look what you've done to me,
Me, and my whole world,
Girl, you brought the sun to me,
With your smile, you did it girl,

I'm telling you girl, something unknown to me,
Makes you what you are,
And what you are is all I could ask for me,
And its good to feel that way girl.

Thank you girl, for making the morning brighter
Girl for making the night time nicer
Girl for making a better world for me.

I'm telling you girl, something unknown to me,
Makes you what you are,
And what you are is all I could ask for me,
And its good to feel that way girl.

Thank you girl, for making the morning brighter
Girl for making the night time nicer
Girl for making a better world for me.

Thank you girl, for making the winter warmer
Girl, for making the music softer,
Girl, for making a better world for me
Girl, for making a better world for me
