

# Steak Knife

## Angry Samoans

Steak knife, there's a hole in my head  
Steak knife, you're gonna be dead  
Steak knife, it's a heavy change  
Steak knife, say goodbye to your brain There's a hole, there's a hole in my heart  
Dick hurts, chop it apart  
Fuckin' sheep, I'm on the rag  
They got my balls in a plastic bag I think I need a doctor to look inside my head  
Every time I love a girl, I stab her in my bed  
I see my life in visions, crimson shape  
I see my life in hell, there's no escape There's a hole, there's a hole in my heart  
Head hurts, chop it apart Steak knife, there's a hole in my head  
Steak knife, you're gonna be dead  
Steak knife, it's a heavy change  
Steak knife, say goodbye to your brain
