

# Sunset Driver - Demo

Michael Jackson

All alone  
She's in the ego zone  
The word is out that you're doin' wrong  
On the move  
Got fire in your shoes  
By word of mouth you are on the news  
You're livin' in sunset times (Livin' in sunset times)  
Feelin' bad  
You're livin' much too fast  
The truth, the truth that you're on the pass  
In the raw  
They don't know what you saw  
By word of mouth you're breakin' every law  
Sunset driver  
Midnight rider  
Friday's brighter  
Morning rider  
You're a Saturday-nighter, aow!  
On the go  
Got fever in your soul  
You better not shout where you gonna go  
Livin' hot  
Doin' what you should not  
The break's on me, then what do you got  
You're livin' on sunset times (Livin' on sunset times)  
Want that dime  
Shoot the breeze  
You feel that she's a tease  
Your night is free, what you wanna be  
Who's to trust  
When livin' dangerous  
Tonight's your night, but this is what you loose  
Sunset driver  
Midnight rider  
Friday's brighter  
Gettin' higher  
You're a Saturday-nighter, aow!  
You are there when the night's in town  
Standin' there with the top of the round

They don't care about the things you wished you saw  
You're like the cinema  
You think that nothin's wrong  
Doin' town  
You do it every time  
The word's got out that you're on the line  
On the move  
Got fever in your shoes  
The night's on you, what are you gonna do?  
Sunset driver  
Midnight rider  
Friday's brighter  
Just to reach that driver  
The Saturday-nighter, aow!
