Jerusalem

Don Mclean

Jerusalem, Jerusalem all roads lead to you
Jerusalem, Jerusalem your light is shinning through
And you will show, show the way to all who see it shine
That we can live in peace in Jerusalem this time
The walls will keep you in, the walls will keep you out
The gates are calling those, who know what it's about
And Jerusalem, Jerusalem all roads lead to you
Jerusalem, Jerusalem your light is shinning through
And you will show
(You will show)
Show the way
(Show the way)
To all who see it shine
That we can live in peace in Jerusalem this time
Jerusalem is old, Jerusalem is new
Jerusalem can hold, Moslem, Christian, Jew
And Jerusalem, Jerusalem all roads lead to you
Jerusalem, Jerusalem your light is shinning through

And you will show
(You will show)
Show the way
(Show the way)
To all who see it shine
That we can live in peace in Jerusalem this time
The markets and the alleys, the temples and the tombs
A place for all believers, it has so many rooms
In Jerusalem, Jerusalem all roads lead to you
Jerusalem, Jerusalem your light is shinning through
And you will show
(You will show)
Show the way
(Show the way)
To all who see it shine
That we can live in peace in Jerusalem this time
Yes, we can live in peace in Jerusalem this time
