## Iggy Pop

I work so hard man, so don't trip me up  
Shakin' a leg like the tail o' the pup  
I'm payin' dues till I register heat  
Sure hope I don't end up on the street  
Home boy, home boy  
Everybody needs a home  
Home boy, home boy  
Everybody needs a home  
So many people rise and fall  
Who's lookin' after you at all?  
Nobody knows anybody at all  
Strangers in paradise down at the mall  
Home boy, home boy  
Everybody needs a home  
Home boy, home boy  
Everybody needs a home  
Home, home  
Everybody really needs a home  
Home home  
Everybody needs a home  
The life we live is tricky tricky  
I love my home and my family  
Who's gonna love you when the mountains gets steep?  
We're gonna make it-in a jeep
