Midnite

Toni Braxton

Goes something like this, 'bout 20 minutes after 6
You see your man getting ready, looking fresh to death
Clean as the Board of Health, he gives you a kiss
Says he's 'bout to go and kick it
Chill with his boys and you get jealous
'Cause he's always with the fellas
Then you hear the magic words baby, I'ma call you later
You say, "Be safe and don't get hurt", now 5 hours later
It's midnite tell me
Do you know where your man is?
It's been a while
Since he left and he ain't checked in
It's midnite tell me
Do you know where your man is?
'Cuz something's up no doubt, no doubt
Girl, you better find out, find out
Now you're waitin' at [Incomprehensible] and all you can think about
Is where could he be at this hour so you decide to take a trip
And hop up in the whip now you're riding around
To all the places where you know he hangs out
Then you say to yourself
Girl this is crazy why are you out looking for a lady
Then you think about those magic words baby, I'ma call you later
Then you said, "Be safe and don't get hurt", now 5 hours later
It's midnite tell me
Do you know where your man is?
It's been a while
Since he left and he ain't checked in
It's midnite tell me
Do you know where your man is?
'Cuz something's up no doubt, no doubt
Girl, you better find out, find out
Yeah yeah yeah yeah yeah
Oh yeah yeah yeah
Do you know where your man is?
It's midnite tell me
Do you know where your man is?
It's been a while
Since he left and he ain't checked in

It's midnite tell me
Do you know where your man is?
'Cuz something's up no doubt, no doubt
Girl, you better find out, find out
It's midnite tell me
Do you know where your man is?
It's been a while
Since he left and he ain't checked in
It's midnite tell me
Do you know where your man is?
'Cuz something's up no doubt, no doubt
Girl, you better find out, find out
Gotta find out
Do you know where he is?
Do you know where he is?
Girl, you better find out
