

# Spirit of the Land

## Hothouse Flowers

Have you been touched  
By the spirit of the land?  
From a far away call  
Into the palm of your handIt's inside every woman  
And it's inside every man  
It's time to look and listen  
To know and understandThe news is getting further  
And the word is getting round  
We will end another people  
If we keep taking from the groundYou'll see it in the symbols  
And the songs with ancient sounds  
You'll find it all connected  
If you take the time to look around  
Look aroundThere's a gathering of races  
And a gathering of soul  
There'll be a choosing of directions  
And a distribution of rolesEarth is Turtle Island  
And air is Isle of Green  
Water is in India  
And fire is Aborigine
