Don't Worry (Dance Floor)

Youngstown

Friday, my day, waitin for the weekend
Cause I wanna play
I been stressin, but there aint no question
Im gonna have me some funCall the fellas and letem know
We gotta find a place to go
I just wanna groove my blues awayIf you need me, Ill be on the dance floor
Getting my groove on, please dont get in my way
Ive been waiting for this day for so long
Getting my groove on, now is my time to playCmon everybody to the dance floor
Dont say no more, here we go
So dont worry bout a thingNow its time to just unwind, chill at ease, relax your mind
And soon youll feel the vibe that I feel
Feel the music down your spine, you know why Im groovin right?
I really wanna dance with you all rightIf you need me, Ill be on the dance floor
Getting my groove on, please dont get in my way
Ive been waiting for this day for so long
Getting my groove on, now is my time to playCmon everybody to the dance floor
Dont say no more, here we go
So dont worry bout a thing
