If U Got It

Chris Malinchak

I'll sacrifice for you
I'll even do wrong for you
oh hey
Do all the things for you
I'll even do wrong for you
oh hey
I'll sacrifice for you
I'll even do wrong for you
Oh hey
Do all the things for you
I'll leave the door open for youIF you want it, made forever
And if you got it, made forever
And if you want it, made forever
And if you got it, made foreverI love it when we're together
The music is playing for love
I love it when we're together
The music is playing for love
For love
For loveAnd I'm going to use every trick in the book
Gotta to try my best to get you hooked
Hey baby take me I'm yours
And every night every dayAnd I'm going to use every trick in the book
Gotta try my best to get you hooked
Hey baby take me I'm yours
And every night every dayAnd I'm going to use every trick in the book
Gotta try my best to get you hooked
Hey baby take me I'm yours
And every night every dayI love it when we're together
The music is playing for love
I love it when we're together
The music is playing for loveIf you want it, made forever
And If you got it, made forever
And If you want it, made forever
And If you got it, made forever
