

# Stacks O' Money

## Eagles of Death Metal

Stack o' money in my left hand  
Yes I've got a stack o' money in my right hand  
Yes you know I got the money cos'  
I played the right games  
Gonna shoot up like a star  
And set the whole world in flames (oh yes!)

Little honey on my left hand  
Yes I've got a little honey in my right hand  
Then I see a real heart stopper  
Wearin' instep shoes  
She's got the fire in her black eyes  
And a boyfriend too (oh no!)

Got no money in my left hand  
No I don't I've got no money in my right hand  
Sugar cos' I went on the corner  
Where I met the wrong man  
I gave him all my money for the magic in his hands (yes!)
