Face Down

White Lung

Shut your mouth, you're tiring
There's no ...on earth
And it hurts worse
All the worlds are down
The damn pulled them
Try to live and die
You want to know my name aroundThe dumm won't make a sound
When you are dead
Must be your face down
Don't make a sound
You don't make a sound
Don't make a sound
Verify behind so you don't waste time
Despite of me losing my mind
All the worlds pretend
I seem to be on the valley
Of the weak and damnedDrove a minute there
When you wanted it
You call my name around
The dumm won't make a sound
When you are dead
Must be your face down
Don't make a sound
You don't make a sound
Don't make a sound
And get your face downYou say it's mild, you say it's mild
You say it's mild
