

Blue Train (Re-Recorded)

[Johnny Cash](#)

There's an engine at the station and the whistle calls my name
It's callin' callin' callin', come and get aboard the train
My baby's gone and I'm alone to live in misery
I'm gonna call and make a reservation for meGonna ride a blue train, gonna ride a blue train
Gonna ride a blue train, gonna ride a blue trainI'm gonna climb aboard and ride until I learn to smile
I'll be knockin' out the blues while I'm knockin' out the miles
With my guitar, beat and rhythm, to the click-clack of the wheels
I'm gonna sing the blues 'cause that's the way that I feelI'm gonna ride a blue train, gonna ride a blue train
Gonna ride a blue train, gonna ride a blue trainConductor, go and tell the man, to shovel on the coal
It doesn't seem half as bad as long as I can roll
Give me another ticket and I'll stay and ride with you
There's nothing left to live for in this world we're rollin' throughGonna ride a blue train, gonna ride a blue train
Gonna ride a blue train, gonna ride a blue train
