

Time To Move On

Monica

I try to be a good woman but it wasn't good enough
But I did everything for you baby
The pleasure was all mine
But I know things are different
The proof is in your eyes
Cause I don't see the fire

[Chorus] It's time to move on when the love is gone
Oh yea

I tell you

It's time to move on when the love is gone
Now when we used to argue at least you used to look at me
oooo

see now we lay next to each other
and we don't even speak
ooooohh

Oh, I've cried

While you act like nothing's wrong and you know it's wrong
Hey

But there's no need in pointing fingers
Love has left us both (both both)
This time

[Chorus] It's time to move on when the love is gone
Gotta tell you

It's time to move on when the love is gone
Oh yea

[Bridge] God knows I've tried
Tried to make it last
God knows I've tried
Tried my very best

And I know you know you know know
[Chorus]

It's time to move on when the love is gone
oohh I had to let him go and I'm happy about it now
time to move on when the love is gonnneeeeeee oohh oh oh
time to move on when the love is gonnneeeeeee
