

Light Of My Life (Lee-Hom Wang)

[Lara Fabian](#)

Wandering like a leaf upon the wind
I have been searching for someone
Holding out for a love to shake my soul
Heaven or nothing
Then you walked into my life
In a blaze of light
I've never wanted someone more
You are the one I've waited for
Light of my life
You are the fire in my heart
When I am lost
I know I'll feel you burning in the dark
You're the light of my life
Every star in the sky
Shines more brightly when you're at my side
You're the light of my life
Dreaming, I feel you next to me
No, I'm not, I'm not dreaming
Cause I'm drowning in your kiss
I die in your arms
And when I hear you call my name
Baby, it's like I'm born again [Chorus]
Your love's a lantern in the rain
Bringing me home time and again
Burning like an eternal flame
