If I Could

Just a Band

We could play a little truth or dare
(We would play a little truth or dare)
We could find a diamond in your hair
(We could find a diamond in your hair)
We could travel on the road to hell
(We could travel on the road to hell)
I would give you my heart if I could
(I would give you my heart if I could)
I would give you everything if I could
(I would give you everything if I could)Did the sun come up too soon?
(Did the sun come up too soon?)
Did you want to fly around the moon?
(Did you want to fly around the moon?)
Did you have a fight and lose your cool
(Did you have a fight and lose your cool)
I would give you my heart if I could
(I would give you my heart if I could)
I would give you everything if I could
(I would give you everything if I could)We could play a little truth or dare
(We could play a little truth or dare)
We could find a diamond in your hair
(We could find a diamond in your hair)
We could travel on the road to hell
(We could travel on the road to hell)
I would give you my heart if I could
(I would give you my heart if I could)
I would give you everything if I could
(I would give you everything if I could)Did the sun come up too soon?
(Did the sun come up too soon?)
Did you want to fly around the moon?
(Did you want to fly around the moon?)
Did you have a fight and lose your cool
(Did you have a fight and lose your cool)
I would give you my heart if I could
(I would give you my heart if I could)
I would give everything if I could
(I would give everything if I could)Or your time must be turned all around
(Or time must be turned all around)
I will build you a house out of wood

(I will build you a house out of wood)
If you're feeling alone on this island
(If you're feeling alone on this island)
I'll walk beside you until kingdom come
(I'll walk beside until kingdom come)
I will be by you forever and everOr your time must be turned all around
(Or time must be turned all around)
I will build you a house out of wood
(I will build you a house out of wood)
If you're feeling alone on this island
(If you're feeling alone on this island)
I'll walk beside you until kingdom come
(I'll walk beside until kingdom come)Or your time must be turned all around
(Or time must be turned all around)
I will build you a house out of wood
(I will build you a house out of wood)
If you're feeling alone on this island
(If you're feeling alone on this island)
I'll walk beside you until kingdom come
(I'll walk beside until kingdom come)
