Tracy

Mogwai

{We gotta, we gotta do something about this
When do you think you could make it over here? How long?
I could, I could try and get there, 25 minutes maybe
Right, I'll try, okay, we got to sort this out}{Okay, I'm just gonna go, I'm gonna head off just now and just try
Try to speak to some people about this, well you got to do something
Yeah, 'cause if we don't take care of this then
I don't even want to think about it}
