Too Soon

A.J. Croce

Here we go again tonight
We both know it aint right
Maybe we just fell in love too soon
You like to dance, I like to sing
You want romance, you think its everything
Maybe we just fell in love too soonWas it just infatuation?
Did we get caught in the rush?
One little miscalculation
We both expected too muchTheres what you want and what you get
Theres satisfaction and theres regret
Maybe we just fell in love too soon
Here we are in this great big room
You want the stars, I want the moon
Maybe we just fell in love too soon
