

Receiving

Strawpeople

Twenty-four hours of everyday, send
Your message on it's way
Rest assured your vibrations
Are tuned to my receiving station (receiving)
Anytime of day or night (receiving)
Receiving stations knowing that the feeling's right

Microwave computer relay transmits
Every word that we say
But still the heart is most appealin'
To understand the things that we're feelin' (receiving)
Trust your heart to show the way (receiving)
You've reached my receiving station
Share the joy our hearts have made

I feel the power filling my body
Here in the moment, each time I'm near you
I feel the magic each time you smile
I feel the lovin'
It keeps me believing and thankful for
The joy that I'm receiving

Trust your heart to show the way
Receiving (you've reached my) receiving station
Share the joy our hearts have made (receiving)
Anytime of day or night (receiving,
You've reached my) receiving station
Knowing that the feeling's right

Anytime of day or night (receiving)
You've reached my receiving station
Knowing that the feeling's right (receiving)
Trust your heart to show the way
