

Who Do I Know In Dallas

[Willie Nelson](#)

Who do I know in Dallas, who can I call on the phone
Who do I know in Dallas that will help me forget that I'm alone
Shirley consoled me in Phoenix and Jeannie in old San Antone
But who do I know in Dallas that will help me forget that I'm alone I can't spend the night without someone, the
lonelies will drive me insane
So who do I know in Dallas that will make me be happy I came
Who do I know in Dallas that will make me be happy I came
