

# Blood Rag

## [Porno for Pyros](#)

Somebody handed me a bloody rag  
Oh that rag got thick and red  
And I wish and I hope  
And I hope and I prayBut oh! no way  
No wayHow many times can you walk away?  
So many times he did it again?  
I wished and I hoped  
And I hoped and prayedBut oh! no way
