

# By Chance

## Rae Sremmurd

Bad bitch with a tan  
Do you know one by chance?  
Hundred bands in the Lamb'  
Do you have one by chance?  
Need to see the Xan man  
Do you know him by chance?  
A Ziploc full of kush  
Are you plugged in, by chance?  
Bad bitch with a sun tan  
Do you know one by chance?  
Hundred bands in the Lamb'  
Do you have one by chance?  
Need to see the Xan man  
Do you know him by chance?  
A Ziploc full of kush  
Are you plugged in, by chance? (Swae)Pick a price for me, please  
We can spend whatever  
Camera lights bounce off my shiny bezel  
Kill the lights, would you? I am on my level  
Flexin' like I've been up in the gym forever  
All these bitches give me brain, damn they sure is clever  
I took a bitch out, let her shop 'til she drop  
All these big bags come at once like nonstop  
Ridin' drop top so I can't even hotbox  
We can spend whatever  
Young Swae Lee, damn, check out my bezel  
I blow lots of cash cause I won't live forever (Do it)Bad bitch with a tan  
Do you know one by chance?  
Hundred bands in the Lamb'  
Do you have one by chance?  
Need to see the Xan man  
Do you know him by chance?  
A Ziploc full of kush  
Are you plugged in, by chance?  
Bad bitch with a sun tan  
Do you know one by chance?  
Hundred bands in the Lamb'  
Do you have one by chance?  
Need to see the Xan man

Do you know him by chance?

A Ziploc full of kush

Are you plugged in, by chance? (Swae)I'm thumbnin' through the cash, damn my pockets got a leech

You tryna roll with me, you gotta be a 10 at least

Mona Lisa with a Visa vibin' to the beat

No she not a keeper, she just my little freak

Hotbox the coupe and we fuckin' in the Jeep

I do what I do, and the bitches dig it

Straight out the blue, I got your attention (She love it, man)

Was it the coupe or the watch glistenin'?

I'm winnin', mane, I'm winnin', chain yellow like the Simpsons

I'm pimpin' like I'm Lennon, got a lot of foreign women

They can't control my spendin', fuck it, I ain't got no limit

I'm tippin', Slim Jimmy!

We can spend whateverBad bitch with a tan

Do you know one by chance?

Hundred bands in the Lamb'

Do you have one by chance?

Need to see the Xan man

Do you know him by chance?

A Ziploc full of kush

Are you plugged in, by chance?

Bad bitch with a sun tan

Do you know one by chance?

Hundred bands in the Lamb'

Do you have one by chance?

Need to see the Xan man

Do you know him by chance?

A Ziploc full of kush

Are you plugged in, by chance? (Swae)Name a price, we can spend whatever

Since I am, let's spend forever

Since I lost, man I've lost forever

Yeah, we can spend forever (Swae)
